About Windsor Brokers · https://windsorbrokers.com/knowledge-base/about-windsor-brokers/what-type-of-broker-is-windsor-brokers/

A broker is an individual or firm that acts as an intermediary between an investor and a Financial institution (including securities exchange) to help him trade a Financial Instrument.

Windsor Brokers has the necessary licenses to transmit its investor orders to another market participant for execution or act as a principal (hold the opposing transaction in Windsor Brokers' inventory of financial instruments). As a result, please note that Clients' orders will be executed in the same manner regardless of Windsor Brokers acting as principal or as broker.
