What Loyalty Status level do I start at when I first register with Windsor Brokers?

Loyalty Rewards · https://windsorbrokers.com/knowledge-base/loyalty-rewards/what-loyalty-status-level-do-i-start-at-when-i-first-register-with-windsor-brokers/

When you first register with Windsor Brokers, you are automatically granted the 'Silver' status. This is the default starting level for all new clients. At the end of the first full calendar month after your account has been approved, your Loyalty Status will be reviewed and updated based on the number of lots you have closed during that period. This means that your trading activity in the initial month will determine whether you move up to a higher status, such as Gold, Platinum, or Diamond, which come with additional benefits and higher earning rates for loyalty points.
